How Medicare works

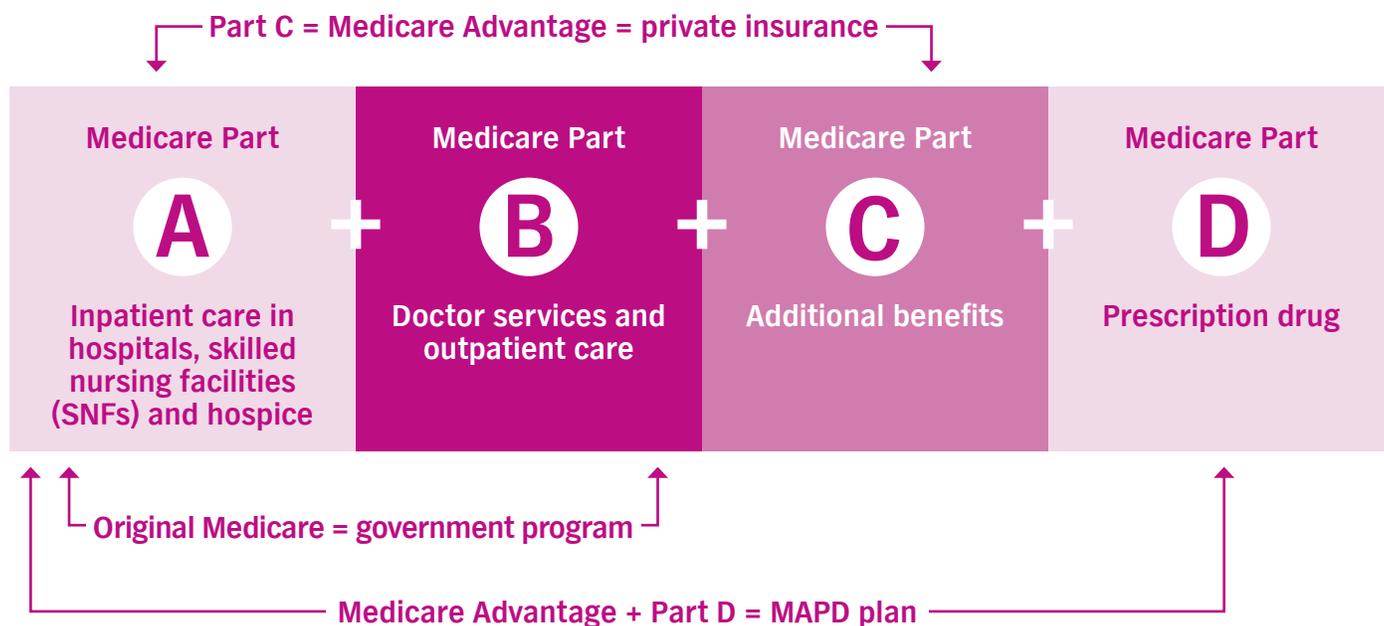

Medicare is a federal government health insurance program offered to people 65 years of age or older, people under age 65 with certain disabilities and anyone with end-stage renal disease (ESRD).

The ABCDs of Medicare

You may have heard about the different parts of Medicare. Here's a quick look at what they mean to your medical coverage:

- ➔ **Medicare Parts A + B** = Original Medicare, the government program.
- ➔ **Medicare Part C** = Original Medicare + additional benefits. Part C is also called Medicare Advantage (MA).
- ➔ **Medicare Part D** = the prescription drug benefit.

Frequently asked questions

❓ **What is a deductible?**

When applicable, a deductible is the amount of money you pay for health care services before your plan starts paying. After you reach your deductible, you'll still have to pay toward your cost share for services. Some plans have no deductible and will cover your health care services from the start. Some services will be covered by your plan before you reach the deductible. For more details, please see the Benefits Chart included in this guide.

❓ **What is a copay?**

When applicable, a copay is a fixed dollar amount that you pay for covered services. A copay is often charged to you after your appointment.

❓ **What is coinsurance?**

Coinsurance is the percentage of a covered health care cost that you would pay after you meet your deductible, while the plan pays the rest of the covered cost. If you have not yet met your deductible, you pay the full allowed amount.

❓ **What is an annual out-of-pocket maximum (or Max OOP)?**

Another feature of Medicare Advantage is the Max OOP. It is the maximum total amount you may pay every plan year for your covered health care costs, including copays, coinsurance and deductibles. Once you reach the Max OOP, you pay nothing for your covered health care costs until the start of the next plan year.

Not all of your medical costs add to the annual out-of-pocket maximum. For more details and what services are covered by this plan, please see the Benefits Chart included in this guide.

❓ **How is inpatient care different from outpatient care?**

Inpatient care is medical treatment that is provided when you have been formally admitted to the hospital or other facility with a doctor's order. If you are not admitted with a doctor's order, you may be considered an outpatient, even if you stay in the hospital overnight.

Outpatient care is any health care services provided to a patient who is not admitted to a facility. Outpatient care may be provided in a doctor's office, clinic or hospital outpatient department.

❓ **What is a primary care provider (PCP)?**

A primary care provider (PCP) is a general practice doctor who treats basic medical conditions. Primary care doctors do physicals or checkups and give vaccinations. They can help diagnose health problems and either provide care or refer patients to specialists if the condition requires. They are often the first doctor most patients see when they have a health concern.

❓ **What are preventive services?**

Preventive care and services help you avoid an illness or injury. Common examples of preventive care are immunizations and annual physicals. Any screening test done in order to catch a disease early is considered a preventive service. Advice or counseling, such as nutrition and exercise guidance, are also examples of preventive care and services.

❓ **Before enrolling, what do I need to provide my group sponsor?**

To ensure a smooth enrollment, make sure your group sponsor has your most up-to-date information and that it matches your Social Security information.

- Medicare Advantage is a Medicare Part C plan. That means it's a Medicare plan offered by a private insurance company. Anthem Blue Cross and Blue Shield is the private insurance company that manages this plan.
- Medicare Advantage offers more than Original Medicare. Original Medicare covers Part A (hospital benefits) and Part B (doctor and outpatient care). Medicare Advantage covers both Parts A and B, and more. See examples in the chart below.

OVERVIEW	ORIGINAL MEDICARE	MEDICARE ADVANTAGE

National Access Plus explained

You may know how PPO plans can help you save money when your doctor is in your plan. ***However, your PPO plan gives you more.***

Your plan gives you **National Access Plus**

With National Access Plus, your share of the cost is the same no matter if the doctor is in our network or not. You just need to see a doctor who accepts Medicare and the plan. That's the "plus" – you have access to any Medicare doctor nationwide, PLUS your cost share doesn't change for doctors or hospitals not in our network. We want you to have more freedom to see the right Medicare doctor for you. To help explain the benefits of our **National Access Plus**, we've provided answers to our frequently asked questions below.

	IN NETWORK	OUT OF NETWORK
Can I get services from any doctor, provider or hospital that accepts Medicare and the plan?	Yes	Yes
Can I continue to see my current doctors and specialists as long as they accept Medicare and the plan?	Yes	Yes
Do I need to choose a primary care provider (PCP)?	No	No
If I want to see a specialist, do I need a referral?	No	No

For a list of all Medicare-contracted providers, visit www.medicare.gov

Please note, the plan can't pay a doctor or facility that does not accept or has opted out of Medicare. So if you receive care from one of these providers, you'll have to pay the full medical bill without reimbursement.

What if your provider says they don't accept Medicare Advantage or the plan?

Some providers who are not part of our network don't know they can work with us. Please encourage your provider to call our First Impressions Welcome Team for more information about how they can bill and receive payment for their services. We know finding the right provider is important to you, and we want to help.

* Some services that fall within this benefit category require prior authorization. Based on the service you are receiving, your provider will know if prior authorization is needed. This means an approval in advance is needed, by your plan, to get covered services. In the network portion of a PPO, some in-network medical services are covered only if your doctor or other in-network provider gets prior authorization from our plan. In a PPO, you do not need prior authorization to obtain out-of-network services. However, we recommend you ask for a pre-visit coverage decision to confirm that the services you are getting are covered and medically necessary. Benefit categories that include services that require prior authorization are marked with an asterisk in the Benefits Chart.

Your rights, protections and Medicare options

As a Medicare beneficiary, you have many rights and options put in place to protect you as a consumer

You have choices. As a Medicare beneficiary, you can choose between:

- The Original (Fee-for-Service) Medicare plan.
- A Medicare health plan like this one – Anthem Medicare Preferred (PPO)

→ You may have other options, too

The important thing to remember is that the choice is yours, keeping in mind that you may be able to join or leave a plan only at certain times. Please note that if you do not take your retiree benefits, it may impact other retiree benefits your group sponsor offers. No matter what you decide, you may still be eligible for the Original Medicare program.

→ Your Medicare protections

Your Anthem Medicare Preferred (PPO) plan must offer Medicare benefits to you for a full calendar year at a time, although benefits and cost sharing may change from year to year. Anthem Medicare Preferred (PPO) can decide each year whether to keep participating with Medicare Advantage, or whether or not to continue offering plans in specific geographic areas like yours.

Also, Medicare may decide to end our contract. But rest assured, even if this happens or if your plan is discontinued, you will not lose coverage.

If for some reason this plan is discontinued, we will send you a letter at least 90 days before your coverage ends explaining your options for Medicare coverage in your area.

For more information on the options and rights you have as a Medicare Advantage member with Anthem Medicare Preferred (PPO), please contact our First Impressions Welcome Team and ask for a copy of the *Evidence of Coverage*.

→ Geographic service areas covered by this plan

Your Anthem Medicare Preferred (PPO) plan offers coverage in our CMS-defined geographic service area of all 50 states, Washington, D.C., and all U.S. territories.

Information about Medicare

To help you make more informed health care decisions, we are providing this important information about Medicare to use as a resource. If you have any questions, please contact our First Impressions Welcome Team.

Pay your Medicare Part B premiums

Once you enroll in this plan, you must still pay your Medicare Part B premiums. If you don't, Medicare will terminate your coverage and then you may have to pay a late enrollment penalty (LEP) if you decide to re-enroll.

Enrolling in other plans

If you decide to enroll in other plans, you will be disenrolled from your current plan.

Matching Medicare Advantage (medical) coverage and Part D (prescription drug) coverage for members in group plans

If you are enrolled in a group Medicare Advantage plan, your Part D coverage must also be a group Part D plan. This is important because enrolling in a non-group Part D plan could result in termination of your enrollment in your group Medicare Advantage plan.

Notifying your group sponsor

To ensure a smooth enrollment, make sure your group sponsor has your most up-to-date information and that it matches your Social Security information.

If you have end-stage renal disease

If you have end-stage renal disease (ESRD), you could be covered under this plan. But you may not be eligible to enroll. Please contact our First Impressions Welcome Team to learn about possible exceptions. Call **1-833-848-8729**, TTY: **711**, Monday through Friday, 8 a.m. to 9 p.m. ET, except holidays.

High-income surcharges

If you must pay a high-income surcharge on your Medicare Part B premium to the Social Security Administration, please be sure to do so to avoid a mandatory disenrollment.
