Search for your prescription

 Type your drug name (like Atorvastatin, Sildenafil, etc)

FIND DRUG PRICES

What is GoodRx?

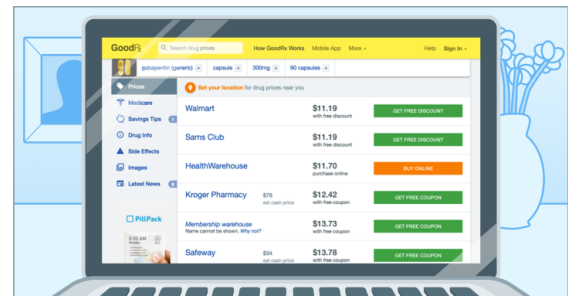

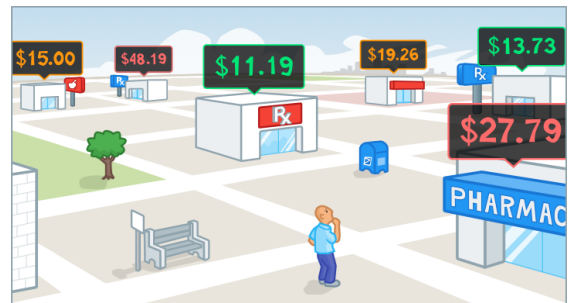

Why should I use GoodRx?

Prescription drug prices are not regulated. The cost of a prescription may differ by more than \$100 between pharmacies even when they are across the street from one another.

How can GoodRx help me?

GoodRx gathers current prices & discounts to help you find the lowest cost pharmacy for your generic drugs. The average GoodRx customer saves \$276 a year on their prescriptions.

GoodRx is 100% free. No personal information is required.

How to Use GoodRx

www.GoodRx.com

How do I find discounts for my drug?

It's easy. Just go to the home page, type in your drug's name in the search field, and click the "Find the Lowest Price" button.

They even help you spell the name of your prescription.

What are GoodRx coupons?

GoodRx coupons will help you pay less than the cash price for your prescription. They're free to use and are accepted at virtually every U.S. pharmacy.

Your pharmacist will know how to enter the codes on the coupon to pull up the lowest discount available.

How do I use a GoodRx coupon?

It's similar to using a coupon at a grocery store. Simply print the coupon and bring it with you to the pharmacy when you pick up your prescription. The pharmacist will enter the numbers on the coupon into their system to find the discount.

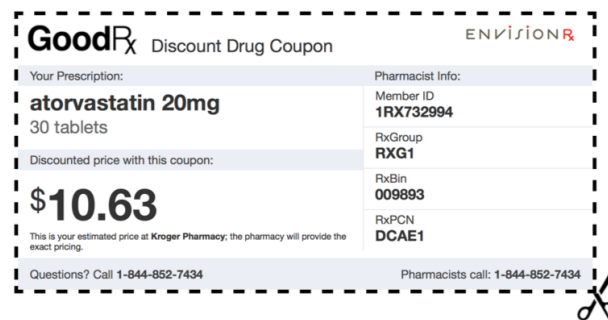

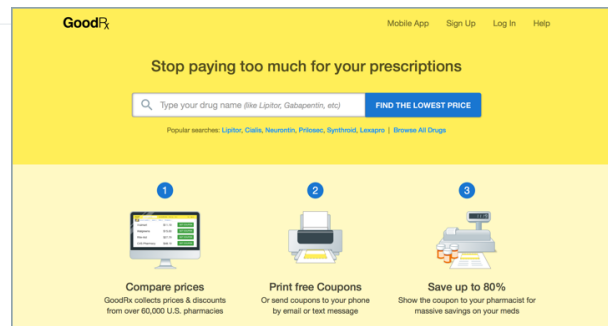

Don't have a printer or want to save paper and ink cartridges? You can show the coupon on your phone by:

- A) Sending the coupon to yourself via email or text
- B) Or using the GoodRx mobile app
- C) Or visiting the GoodRx mobile website

What if I have Medicare Part D or other prescription drug coverage?

You can use GoodRx instead of your Medicare Part D prescription drug plan. When using GoodRx instead of your drug plan, the amount you pay will not be applied towards your Initial Coverage Limit or your TROOP (True Out-of-Pocket maximum).

GoodRx may be able to find you a lower price than the generic drug copay under your Medicare Part D plan.

How can I use a coupon without printing?

No printer? No problem. There are plenty of ways to use GoodRx coupons without printing a physical copy.

Text or email a coupon to yourself

After searching for your prescription on the GoodRx website, click on the green **Get Free Coupon** or **Get Free Discount** button to the right of your pharmacy.
